Product Overview

High-Performance Diesel Water Pump

This diesel-powered water pump is engineered for robust performance in demanding environments, including agricultural irrigation, construction sites, and emergency water removal. Designed for durability and longevity, it features a self-priming centrifugal system that ensures reliable water transfer. Its compact, frame-protected design allows for easy transport and operational stability in the field.

Performance Metrics

Max Power	6.9 kW
Suction Height	6.5 m
Efficiency	48 %
Self-priming Time	180 sec

Technical Specifications

Nominal Diameter	80mm (3")
Net Weight	69 kg
Carton Dimensions	680 x 550 x 665 mm

Logistics

Container Load Capacity

Container Type	Quantity
20GP	90
40GP	186
40HQ	252
