

Diesel Water Pump with Iron Casting, 2-Inch Outlet

This diesel water pump features a durable iron casting construction. The 2-inch outlet allows for effective water transfer for various applications.

Overview

Robust Diesel-Powered Water Transfer

This 2-inch diesel water pump is engineered for reliability and durability in demanding environments. Featuring a heavy-duty iron casting construction, it offers excellent resistance to wear and tear, making it suitable for irrigation, construction sites, and emergency water supply needs. Its compact design ensures both portability and operational stability.

Technical Specifications

Outlet Diameter	2 inch
Pump Type	Non Self-priming Clean Water Pump
Housing Material	Iron Casting
Engine Type	Diesel

Applications

Suitable Applications	Irrigation, Construction, Emergency Water Supply
