

Digital Alarm Clock Radio with LCD Display

This digital alarm clock radio features a blue backlit LCD display. It is equipped with a telescopic antenna for radio reception.

Overview

Modern Bedside Audio Solution

This digital alarm clock radio combines essential timekeeping with radio functionality in a sleek, modern design. Featuring a clear blue backlit LCD display, it provides easy visibility of the time, day, and alarm settings. Its compact, white finish with rounded edges makes it an ideal addition to any bedside table or office desk.
