Overview

Professional Anti-Slip Digital Scale

This high-precision digital body scale is designed for safety and accuracy in professional and home environments. Featuring a 6mm safety tempered glass platform with a specialized anti-slip surface, it ensures stable footing during use. The scale supports a high weight capacity and includes advanced features like BMI calculation and auto-power-off for efficient energy management.

Performance & Accuracy

Performance Metrics

180 kg

Max Capacity

6 mm

Glass Thickness

Safety & Design

Comprehensive product details including 180kg capacity, safety tempered glass, and LCD display indicators.

Safety Features

- Anti-slip surface for enhanced grip
- Low center of gravity to prevent rollover
- Fillet grinding on glass edges for safety
- 6mm safety tempered glass construction

Smart Functions

Auto-power-off • Overload Indication • Low Battery Indication

Display & Indicators

Display Specifications

Feature	Specification
Display Type	LCD / LED Display
LCD Size	30 x 73 mm
Low Battery Alert	Displays 'Lo'
Overload Alert	Displays 'oL' or 'Err'

Technical Specifications

Product Dimensions	300 x 300 x 27 mm
Power Supply	1 x CR 2032 battery (included)
Sensor System	High precision strain gauge

Health Tracking

BMI Analysis	Yes
Measurement Units	kg
