

Digital Binoculars with LCD Display

These compact binoculars feature 10x magnification and a 25mm objective lens, providing a 96m field of view at 1000m. An integrated LCD display shows the date (year-month-day), time (hours:minutes:seconds), and temperature in Celsius.

Overview

Professional Digital Binoculars

These compact digital binoculars combine high-quality optical performance with integrated digital utility. Featuring 10x magnification and a 25mm objective lens, they offer clear viewing with a 96m field of view at 1000m. The built-in LCD display provides real-time data including date, time, and ambient temperature, making them a versatile tool for outdoor observation.
