Product Overview

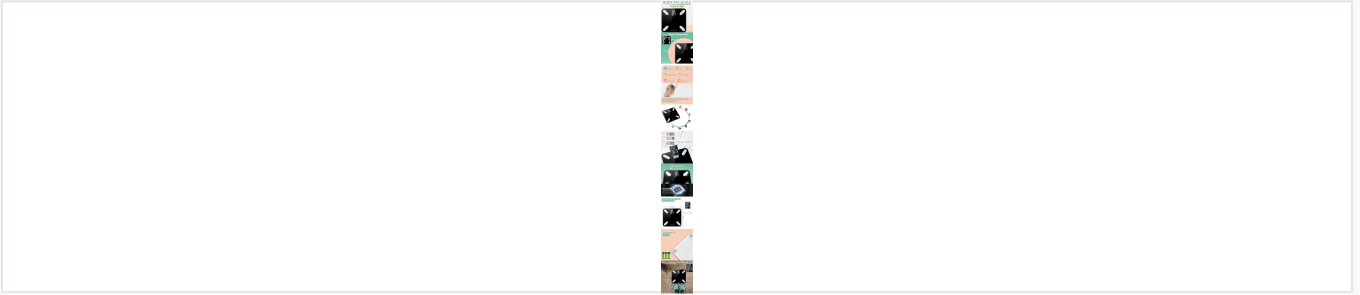

Advanced Body Analysis Scale

This high-precision digital body composition scale is designed for comprehensive health tracking, offering 7-in-1 analysis metrics including body fat, water percentage, muscle mass, bone mass, and BMI. Featuring a sleek 5mm tempered safety glass platform and a clear, backlit LCD display, it ensures ease of use and durability. The device supports memory for up to 10 users, making it an ideal tool for family health monitoring and personalized fitness tracking.

Technical Specifications

Capacity	180 kg
Division	100 g
Platform Size	280 x 280 x 25 mm
LCD Display Size	48 x 63 mm
Power Supply	3 x AAA batteries

Features

Detailed view of the 7-in-1 body analysis features, backlit display, and magic illumination buttons.

Analysis Metrics

- Weight (kg/lb/st)
- Body Fat %
- Body Water %
- Muscle Mass
- Bone Mass
- KCAL
- BMI
