

Digital Caliper with LCD Display

This digital caliper is designed for taking accurate dimensional measurements in a variety of applications. It features a clear LCD display for easy reading and is built with durable materials for long-lasting performance.

Product Overview

High-Precision Measurement

This digital caliper is engineered for high-precision dimensional measurements across diverse industrial applications. Featuring a clear, easy-to-read LCD display, it ensures rapid and accurate results for professionals. Its durable, water-resistant construction makes it a reliable tool for demanding environments such as machining, manufacturing, and quality control.

Measurement Performance

Display Measurement

25.68 mm

Instant Reading

Technical Features

Ideal Applications

- Machining
- Manufacturing
- Quality Control

Key Attributes

Water Resistant, High Precision, Digital LCD
