

Digital Caliper with LCD Display

This digital caliper provides precise measurements in both metric and inch units. It features a clear LCD display for easy reading and a zero setting for taking differential measurements.

Overview

Precision Digital Measurement Tool

This digital caliper is a versatile precision instrument designed for accurate internal, external, depth, and step measurements. Built with durable stainless steel, it ensures long-lasting performance in demanding environments. The large LCD display provides clear, easy-to-read results with an impressive accuracy of 0.01mm, making it an essential tool for machining, engineering, and woodworking projects.

Accuracy

0.01 mm

Measurement Accuracy

Measurement Capabilities

- Internal measurements
- External measurements
- Depth measurements
- Step measurements

Construction & Features

Material	Stainless steel
Display	Big LCD screen
Key Features	Digital Display, Stainless Steel, High Precision, Multi-functional
