

Digital Caliper with LCD Screen

This digital caliper features a large LCD screen for easy reading of measurements. It is constructed from hardened stainless steel for durability and precise measurements.

Product Overview

Precision Digital Measurement

This digital caliper features a large, easy-to-read LCD screen designed for rapid and accurate measurements. Constructed from hardened stainless steel, it is built for durability and long-term reliability in demanding environments. With versatile unit switching between millimeters and inches, along with a dedicated zero button for differential measurements, it is an essential tool for precise engineering and manufacturing tasks.

Technical Specifications

Key Features

- Zero button for differential measurements
- Metric and Imperial unit conversion
- Hardened stainless steel frame

Material	Hardened Stainless Steel
Display	Large LCD Screen
Units of Measure	mm, in
