

# Digital Counting Scale with LED Display

This digital counting scale accurately weighs and counts parts for inventory management. It features an LED display, stainless steel platform, and multiple weighing units.

## ADDITIONAL IMAGES

## Overview

### Professional Counting Solution

This digital counting scale is engineered for precision in light industrial, warehouse, and parts counting applications. Featuring a durable stainless steel weighing platter and a rugged ABS housing, it is built to withstand demanding environments while maintaining stability with its adjustable feet and leveling bubble. With 256 memory slots and advanced counting functions, this scale provides an efficient solution for inventory management and quality control.

## Performance

### Capacity & Readability

Model	Capacity (Metric)	Capacity (Imperial)
EHC-C-3	3kg x 0.1g	6lb x 0.0002lb
EHC-C-6	6kg x 0.2g	12lb x 0.0005lb
EHC-C-15	15kg x 0.5g	30lb x 0.001lb
EHC-C-30	30kg x 1g	60lb x 0.002lb

## Construction

Build Materials	Stainless Steel Platter, ABS Housing, Cast Aluminum Load Cell Bracket
Platform Dimensions	297 x 227 mm (11.69 x 8.94 inches)

## Features

### Key Functions

- Weighing and Counting
- Upper/Lower Count Limits
- Accumulation
- Preset Tare
- 256 Memory Storage (Piece Weight, Tare, Unit)

### Connectivity

RS232 Serial Port • External Printer Support

## Technical

### Display

**3 count**

Windows

**14.2 mm**

Digit Height

### Power Requirements

12V DC 500mA adapter or 6V 4Ah lead-acid rechargeable battery

### Operating Temperature

-10°C to 40°C (14°F to 104°F)

### Certifications

CE, WEEE, UL/CE/BS/VI Power Adapter
