Overview

High-Efficiency Digital Gas Water Heater

This digital display gas water heater is engineered for modern residential applications, providing reliable on-demand hot water without the need for a storage tank. Designed with a sleek aesthetic and precise temperature control, it ensures optimal comfort and convenience for daily household needs. The unit incorporates advanced safety mechanisms to prevent overheating and gas leakage, offering a secure and efficient hot water solution.

Performance Metrics

Hot Water Capacity

16 L/min
Capacity

20 L/min
Capacity

Rated Heat Input

32 kW
Heat Input

38 kW
