

Digital Evaporative Air Cooler with Remote Control

This digital air cooler features an LCD display and user-friendly operation. It has a 75W power rating, 8-hour timer, and includes a remote control.

Product Overview

Efficient Cooling Solution

This digital evaporative air cooler offers a fashionable and elegant design suitable for home or office environments. It utilizes advanced water evaporation technology and ice crystal energy storage to provide effective cooling. With convenient features like a full-function remote control, LCD display, and 360-degree mobility, it provides a user-friendly and energy-efficient alternative to traditional air conditioning.

Technical Specifications

Rated Voltage	220-240V (110V available)
Power Consumption	75 W
Frequency	50 Hz
Water Tank Capacity	6 L

Features

Key Features

- Full function remote control
- LCD display
- 8-hour timer
- 360° caster wheels for mobility
- Wide angle air blowing
- Ice crystal cooling technology
