

# Digital Laser Distance Meter

This digital laser distance meter is designed for accurate and reliable measurements with a range from 0.05m to 100m. It features multiple functions such as addition/subtraction, unit selection, and continuous measurement.

## ADDITIONAL IMAGES

## Overview

### Professional Laser Distance Meter

This high-precision laser distance meter offers a versatile solution for construction, surveying, and home improvement tasks. It supports a wide range of measurement modes, including area, volume, Pythagorean, and continuous tracking, ensuring efficiency for various professional applications. Designed for durability and ease of use, it features an IP54-rated casing, a backlit display for low-light conditions, and historical data storage for up to 20 sets of measurements.

## Measurement Capabilities

Measuring Range	100 m
Accuracy	2 mm
Available Modes	Area, Volume, Pythagorean, Addition/Subtraction, Tracking

## Technical Specifications

### Laser Specifications

**635 nm**

Wavelength

**1 mW**

Max Power

### Protection Rating

IP54 (Dust and Water Splash)

### Data Storage

Up to 20 historical data sets

## Power & Environment

### Auto-off Features

- Laser: 30 seconds
- Power: 180 seconds

Power Supply	2x AAA LR6 1.5V batteries
Operating Temperature	-10 to 40 °C

## Physical Dimensions

### Product Dimensions

Metric	Value
Net Weight	70g
Weight (w/ Battery)	160g
Device Size	114 x 40 x 25 mm
