

# Digital Luggage Scale

This digital luggage scale is a portable device for weighing luggage and other items. It features a digital display and a sturdy strap for attaching to luggage handles, with a maximum capacity of 50kg/110lb.

## Overview

### Portable Digital Luggage Scale

This electronic luggage scale is a compact and essential tool designed for travelers to easily weigh their bags and ensure compliance with airline weight restrictions. Featuring a durable strap and a clear digital display, it allows for quick and accurate weight checks before arriving at the airport. Its portable design makes it an ideal travel companion for avoiding excess baggage fees.
