

Digital Picture Display

This digital picture display allows users to showcase their favorite photos without the need for printing. It brings memories to life with vibrant clarity.

Product Overview

Professional TIG Welding Solution

This ergonomic welding torch is specifically engineered for precision TIG welding applications, offering a balance of durability and user comfort. The design features a flexible neck that allows operators to access tight or complex spaces with ease, while the textured grip ensures maximum control during long working sessions. Built for demanding industrial environments, it provides reliable performance and broad compatibility with standard TIG welding machines.

Design & Ergonomics

Handle Features

- Ergonomic handle design for reduced operator fatigue
- Textured grip for enhanced control
- Flexible neck for improved accessibility in tight spaces

Technical Specifications

Welding Process

TIG Welding

Machine Compatibility

Standard connection compatible with most TIG welding machines

Construction

Durability

Constructed from durable materials for long-lasting performance in demanding environments
