Overview

High-Performance Dirt Bike Wheel Set

This premium wheel set is engineered for durability and precision, featuring high-grade 7050-T7 aluminum rims and CNC-machined 6082-T6 aluminum hubs. Designed for off-road performance, the assembly includes high-strength 304 stainless steel spokes and 2014 alloy nipples. Every set comes fully assembled with bearings and seals, ensuring a ready-to-install solution for specific Honda dirt bike models.
