

DisplayPort to DVI Cable

This cable connects a DisplayPort-enabled computer to a DVI monitor or projector. It supports resolutions up to 1920x1200 (WUXGA) and ensures high-quality video transmission.

Product Overview

DisplayPort to DVI Connectivity Solution

This cable features a DisplayPort connector on one end and a DVI connector on the other, enabling seamless connectivity between devices with different display interfaces. It is ideal for connecting a DisplayPort-enabled computer to a DVI monitor or projector. The cable ensures high-quality video transmission and supports resolutions up to 1920x1200 (WUXGA), making it a reliable solution for various professional display needs.

Technical Specifications

Input Connector	DisplayPort
Output Connector	DVI
Maximum Resolution	1920x1200 (WUXGA)
Key Features	High-quality transmission, Durable construction, Reliable performance
