Product Overview

High-Efficiency Domestic Heating

This wall-mounted gas water heater is engineered specifically for reliable performance in low water pressure environments, ensuring consistent hot water delivery. Its compact, space-saving design makes it an ideal solution for modern residential settings. Featuring precise digital temperature controls and advanced exhaust technology, it provides a safe, efficient, and user-friendly experience for daily domestic needs.

Performance Metrics

Key Performance Metrics

20 kW

Rated Heat Input (Min)

30 kW

Rated Heat Input (Max)

16 L/min

Max Hot Water Capacity

Available Capacity Options

- 10
- 13
- 16

Technical Specifications

Energy Efficiency Standard

Level 2

Water Pressure Range

0.02 - 0.8 MPa

Exhaust System

Constant temperature strong exhaust

Product Dimensions (W*H*D)

350 * 580 * 163 mm

Compatibility & Installation

Supported Gas Types

Gas Type	Rated Pressure
NG	2000 Pa
LPG	2800 Pa
