

Double Door Chest Freezer

This chest freezer features double top open doors and an adjustable thermostat. It has a white anti-corrosion pre-painted steel body, a super storage basket, and a drain outlet.

Overview

Professional Grade Chest Freezer

This double-door chest freezer is designed for robust commercial use, featuring a durable anti-corrosion pre-painted steel body and a tropical climate-ready cooling system. It offers versatile storage options with a super storage basket and dual-temperature functionality capable of reaching deep freezing levels. Enhanced with security features like a handle lock and key, along with a protective bottom design to prevent pest intrusion, this unit ensures reliable performance in demanding environments.
