

Double Ended Impact Screwdriver Bit Set - 10 Piece

This 10-piece set contains double-ended impact screwdriver bits. The bits are constructed from S2 steel and feature a 1/4" hex shank for compatibility with most impact drivers and drills.

Product Overview

Professional Impact Bit Set

This 10-piece double-ended impact screwdriver bit set is engineered for professional applications requiring high durability and precision. Constructed from robust CRV steel, these bits are designed to withstand the rigors of impact drivers. The set features standard PH2 Phillips heads with a 65mm length, making them a versatile addition to any professional tool kit.
