

Draft Beer Dispenser Refrigerator

This draft beer dispenser refrigerator is designed to keep kegs cold and beer flowing. It features a dispensing tap, temperature control, and a drip tray to prevent spills.

Product Overview

Professional Draft Beer Dispensing Solution

This versatile draft beer dispenser refrigerator offers an innovative cooling solution for 4L, 5L, and 6L standard canned beverages. Featuring electronic refrigeration and adjustable temperature settings, it ensures your drinks remain at the perfect serving temperature. The unit includes a specialized 6L PC bucket suitable for beer, mineral water, or fruit juices, making it a highly adaptable addition for events or professional hospitality environments.
