Overview

Versatile 15-Piece Multi-Material Drill Bit Set

This comprehensive 15-piece drilling set is engineered for high performance across steel, wood, and concrete applications. Featuring High-Speed Steel (HSS4241) construction for metalwork and specialized carbide tips for masonry, it provides a complete solution for professional and DIY projects. The set is neatly organized in a durable plastic case with double blister packaging for easy identification and long-term portability.

Technical Specifications

Primary Material

HSS4241 • High-Speed Steel • Carbide Tipped (Masonry)

Set Count

15 pcs

Total Bits

Bit Sizes & Applications

Size Specifications by Material

Application	Included Sizes (mm)	Bit Type
Steel	2, 2.5, 3, 4, 5, 6, 8	Hex HSS
Masonry/Concrete	4, 5, 6, 8	Carbide Tip
