- Integrated Equalizer
- Powerful Bass Response
- High Frequency Clarity
- Remote Control Operation

Driver Size	12 inch
Connectivity	USB, SD Card, FM Radio, Auxiliary Input
Power Input	DC 12V

Placement & Setup

Optimizing Sound Quality

For optimal bass performance, place the subwoofer unit on a stable platform or ground surface. If using the phase inversion port, maintain a distance of 5-10cm from the wall to enhance the ultra-bass effect. When arranging speakers, ensure the axis is aligned with the user's ear level for the clearest audio reproduction.
