

# Dual 12-Inch Woofer Active Speaker with Bluetooth and LED Lighting

This active speaker system features dual 12-inch woofers for powerful sound output. It includes Bluetooth, USB, remote control, an integrated display screen, and LED lighting effects, ideal for events and professional use.

## ADDITIONAL IMAGES

## Overview

### Professional Active Audio System

This professional active speaker system is engineered for high-impact audio performance, featuring dual 12-inch woofers and integrated LED disco lighting. It combines modern connectivity options like Bluetooth, Wi-Fi, and an Android-based operating system with a large 15-inch touch-controlled display for versatile use in events and karaoke. Built with a durable wooden cabinet and metal grille, it offers both aesthetic appeal and robust protection for professional applications.
