Product Overview

Professional Dual Chamber Vacuum Sealer

The DZ-600/2SA is a robust dual-chamber vacuum packaging machine designed for high-efficiency industrial applications. Constructed from high-grade stainless steel, this unit ensures durability and meets strict hygiene standards for food processing, pharmaceuticals, and electronics. The system features a powerful vacuum pump and a dual-sealing bar setup, allowing for continuous, high-throughput operation that preserves product freshness and extends shelf life.

Technical Specifications

Key Performance Metrics

40 m³/h

Pump Capacity

0.1 hPa

Ultimate Vacuum

590 mm

Sealing Length

Electrical Requirements

Component	Value
Power Supply	380V/50Hz or 220V/60Hz
Power Consumption	1.5kw
Heat Sealing Power	1.1kw

Dimensions & Weight

- Shipment Dimension: 1530 x 740 x 1030 mm
- Net Weight: 220 kg
- Gross Weight: 272 kg

Compliance & Support

Trading Information

- Accepted Payments: T/T, L/C, Western Union
- Typical Lead Time: 7 days
- OEM/ODM Support: Available

Certifications

CE Certified, ISO 9000 Approved
