

Dual Disc Jewel Case

This clear, hinged jewel case is designed to hold two compact discs (CDs) or digital versatile discs (DVDs). The internal tray securely holds each disc in place, preventing scratches and damage.

Product Overview

Dual Disc Jewel Case

This dual disc jewel case is engineered to provide robust protection for your optical media. Featuring a clear, hinged design, it allows for high visibility of custom disc artwork while the internal tray securely locks discs in place to prevent scratches and movement. It is an ideal storage solution for both professional and personal media collections.

Capacity

2 discs
