Overview

Dual Fuel Versatility

This portable generator offers flexible power solutions by supporting both gasoline and LPG fuel sources. Powered by a robust 6.5 HP engine, it ensures reliable performance for various professional and field applications. The unit is designed for convenience, featuring an integrated voltmeter, simple fuel selection controls, and a portable frame with wheels for easy mobility.

Technical Specifications

Battery Specifications

Attribute	Value
Type	Sealed Lead-Acid
Model	FM1275C
Rating	12V 7.5Ah/20HR
Engine Power	6.5 HP
Supported Fuels	Gasoline, LPG
DC Output	12V 8.3A

Maintenance

Air Cleaner Maintenance

- Clean element every 50 hours
- Clean every 10 hours under dusty conditions
- Wash in high flash-point solvent
- Dip in clean engine oil and squeeze out excess

Features

Key Features

Portable with Wheels • Fuel Selector Switch • Voltmeter Included • AC/DC Circuit Breakers
