

# Dual Fuel Portable Generator

This dual-fuel generator provides reliable power using either gasoline or LPG. It delivers 7600 starting watts on gasoline and includes safety features like low-oil shutdown.

## ADDITIONAL IMAGES

## Overview

### Versatile Dual Fuel Power

This portable generator offers the flexibility of running on either unleaded gasoline or LPG, making it an ideal choice for diverse power needs. Engineered for reliability, it features a 439cc 4-stroke engine and a robust frame with integrated wheels for easy transport. With electric and recoil start options, it provides consistent performance for both residential and professional applications.

## Performance Metrics

### Output Capacity

**7600 W**

Max Output (Gasoline)

**6100 W**

Rated Output (Gasoline)

**7000 W**

Max Output (LPG)

**5600 W**

Rated Output (LPG)

## Technical Specifications

### Engine Specifications

- 439cc Displacement
- 4-Stroke
- Single Cylinder
- OHV (Overhead Valve)
- Air Cooled

### Fuel System

Unleaded Gasoline, LPG, Dual Fuel Capable

### Fuel Tank Capacity

31 L

## Operational Details

### Starting Method

Recoil Start • Electric Start

### Noise Level (@7m)

72 dB(A)

### Battery Specs

12V 15Ah/20HR

## Safety & Control

### Safety Features

- Low-oil shutdown
- Overload protection
- Circuit breaker
