

# Dual Layer Protective Case with Kickstand for iPhone 5C

This 2-in-1 case combines TPU and PC materials for enhanced protection. It features a built-in stand for hands-free use and is designed to resist impacts.

## ADDITIONAL IMAGES

## Product Overview

### Rugged Protection for iPhone 5C

This dual-layer protective case is engineered for the iPhone 5C, combining a shock-absorbing inner layer with a rugged outer shell to provide comprehensive defense against impacts, scratches, and dust. The design integrates high-precision molding for a perfect fit, ensuring full access to all device ports, buttons, and camera functions. With a built-in kickstand, this case offers both superior durability and convenient hands-free viewing for professional use.

### Durability Profile

Impact Resistant • Scratch Proof • Dust Resistant
