

Dual LED Bicycle Headlight

This bicycle headlight enhances visibility and safety with its dual LED lamps. Its durable aluminum alloy housing ensures efficient heat dissipation and long-lasting performance.

Product Overview

High-Performance Dual LED Headlight

This high-intensity bicycle headlight features dual XML-T6 LED lamps designed to provide enhanced visibility and safety for cyclists. Constructed with a durable aluminum alloy housing, it ensures efficient heat dissipation and long-lasting performance in various weather conditions. With multiple lighting modes and a versatile 360-degree rotating bracket, this light is an ideal solution for road cycling, mountain biking, and daily commuting.

Technical Specifications

Lumen Output

600 LM

Brightness

Lighting Modes

- High
- Medium
- Low
- Flash
- SOS

Battery Capacity 4400 mAh

IP Rating IP64

Physical Attributes

Dimensions 100 x 48 x 25 mm

Gross Weight 250 g

Housing Material Aluminium Alloy

Features

Mounting Bracket 360° Rotation

Compliance

Certifications CE, ROHS, PSE, MSDS
