

Dual Monitor Desktop Mount with Articulated Arms

This monitor mount clears desk space for items like keyboards and laptops. It is suitable for standing desk applications, depending on user and desk height.

Product Overview

Versatile Dual Monitor Solution

This dual monitor desktop mount is engineered to optimize your workspace by elevating two screens from 12 to 32 inches. Featuring high-performance gas spring arms, it allows for effortless height and angle adjustments to ensure perfect ergonomic posture and reduced physical strain. The integrated base provides a clean setup with built-in USB and audio ports, making it an ideal choice for professional office environments and standing desk applications.
