

Dual-Purpose Garden and Bath Thermometer

This dual-purpose thermometer is designed for both garden and bath use. It features a clear, easy-to-read scale in Celsius, allowing for accurate temperature readings in various environments.

Product Overview

Versatile Temperature Monitoring

This dual-purpose thermometer is engineered for reliable temperature tracking in both aquatic and outdoor environments. Its robust construction ensures durability, while the compact design allows for easy handling and storage. Featuring a clear, easy-to-read Celsius scale, it provides accurate readings for bath water or ambient garden temperatures.

Technical Specifications

Measurement Range

0 °C Min Temperature	50 °C Max Temperature
--------------------------------	---------------------------------

Dimensions	150 x 58 mm
Material	Polystyrene (PS)

Usage

Application Areas	Bath, Garden, Indoor, Outdoor
--------------------------	-------------------------------
