

Dual-Purpose Motorcycle for On and Off-Road Use

This high-performance motorcycle is designed for both on and off-road adventures. It features a robust engine, durable suspension, and responsive handling.

Overview

Dual-Purpose Performance

This dual-purpose motorcycle is engineered for versatility, seamlessly transitioning between on-road commuting and off-road exploration. Featuring a reliable 50cc 4-stroke engine and robust suspension, it offers a balanced riding experience for various terrains. Its compact dimensions and lightweight design ensure excellent maneuverability, making it a practical choice for diverse riding environments.

Technical Specifications

Performance Metrics

2.6 KW

Max Power

4.4 N.M.
