

Dual-Sport Motorcycle for On and Off-Road Use

This motorcycle is designed for both on and off-road use. It features a single-cylinder engine, telescopic front suspension with blue bellows, and a rear monoshock suspension.

Overview

Versatile Dual-Sport Performance

This dual-sport motorcycle is engineered for seamless transitions between paved roads and rugged off-road trails. Featuring a robust single-cylinder engine and specialized suspension, it offers reliable handling in diverse environments. With practical additions like a rear luggage rack and high-mounted fender, it is designed to balance comfort and utility for both commuting and adventure riding.
