

Dual-Sport Motorcycle

This green and white motorcycle is designed for both on-road and off-road use. It features a single headlight, raised handlebars, and a knobby front tire.

Overview

Versatile Dual-Sport Performance

This dual-sport motorcycle is engineered for riders who demand versatility across varied terrain. Featuring a lightweight frame and specialized knobby tires, it offers exceptional handling on both trails and paved roads. The compact design and responsive engine make it an ideal choice for off-road enthusiasts and urban commuters alike.
