

Dual Voltage Travel Hair Dryer with Foldable Handle

This dual-voltage hair dryer is designed for worldwide use, featuring compatibility with both 115V and 230V power sources. Its foldable handle enhances portability, making it perfect for travel.

Product Overview

Compact Travel Solution

This dual-voltage travel hair dryer is engineered for global mobility, featuring a foldable handle that ensures compact storage in any suitcase. It combines a long-life DC motor with 1200W of power to deliver reliable performance wherever you travel. With integrated safety features like overheating protection and versatile heat and speed settings, it offers a professional drying experience in a portable form factor.

Technical Specifications
