

Dual Voltage Travel Hair Dryers with Foldable Handle

These travel hair dryers feature dual voltage compatibility for international use. The dryers include a foldable handle, overheating protection, multiple speed/heat settings, and a cool shot button.

Product Overview

Versatile Travel Solution

This dual-voltage travel hair dryer is designed for international convenience, offering reliable performance across different power grids. Featuring a compact, foldable handle and a durable DC motor, it combines portability with essential styling features like a cool shot button and adjustable heat settings. Its non-slip design and integrated hang-up loop make it an ideal choice for hotels, travel kits, and compact living spaces.
