

# Dual Voltage Vacuum Cleaner

This vacuum cleaner is designed for use in a variety of home environments. It features dual voltage input and provides a suction power of 5.2 KPa.

## Product Overview

### Professional Dual Voltage Vacuum Solution

The Xc6003R is a versatile vacuum cleaner engineered for international markets with dual voltage capabilities. Supporting both 100-120V and 230V inputs, it offers exceptional flexibility for various electrical environments. With a reliable 5.2 KPa suction power and a compact design, it is an ideal choice for efficient cleaning tasks requiring portability and high performance.

## Technical Specifications

Voltage Compatibility	100-120V (UL), 230V (GS)
Output Voltage	DC24V

## Performance

### Suction Power

**5.2 KPa**

Suction Force

Noise Level	82 dB
