

Durable Bicycle Pedal with Reflectors

This bicycle pedal features a textured surface for enhanced grip. It includes integrated reflectors on the sides for increased visibility and safety.

Product Overview

High-Performance Bicycle Pedal

This durable bicycle pedal is engineered for reliability and safety, featuring a robust high-strength plastic construction that ensures long-lasting performance. The design incorporates a textured surface to provide enhanced grip for the rider, while integrated side reflectors significantly improve visibility in low-light conditions. Designed for universal compatibility, it features a standard threaded spindle for quick and easy installation on most bicycle models.

Technical Specifications

Material	High-strength plastic
Spindle Compatibility	Standard threaded

Features

Compatibility	Universal Fit
Safety Features	Integrated Reflectors, Textured Surface
