

Durable Chassis Cargo Truck

This cargo truck is built with a robust chassis for enhanced durability and performance. It has a cargo body with inner dimensions of 2280x1520x460 mm.

Overview

Built for Reliability and Performance

This cargo truck chassis is engineered for durability, offering a versatile foundation for commercial transport needs. With a robust 4x2 or 4x4 drivetrain and high-torque engine options, it handles diverse driving conditions with ease. The vehicle features a well-balanced design between cabin comfort and heavy-duty cargo capacity, making it an ideal choice for professional logistics.

Dimensions and Mass

Dimensions

5015 mm

Length

1800 mm

Width

1723 mm

Height

Capacity Specs

Metric	Value
Max Load Weight	1000 kg
Min Ground Clearance	194 mm
Wheel Base	3050 mm

Power Systems

Performance

100 kW

Max Power (Petrol)

285 N.m

Max Torque (Diesel)

140 km/h

Top Speed

Engine Variants

4G69S4N Petrol, GW2.8TCI Diesel, GW2.8TC-2 Diesel

Chassis and Suspension

Suspension System

- Front: Double wishbone tensional bar spring independent suspension
- Rear: Leaf spring non-independent suspension
