

Durable Work Pants with Reinforced Knees

Durable and functional working pants designed for demanding work environments. Constructed with high-quality, tear-resistant fabric for long-lasting wear.

Product Overview

Professional Grade Workwear

These durable work pants are engineered for demanding industrial environments such as construction and maintenance. Constructed from a high-quality 260g canvas blend, they provide exceptional tear resistance while maintaining comfort for all-day wear. The design prioritizes utility and safety with reinforced knee sections and integrated tool storage solutions to ensure optimal performance on the job.

Technical Specifications

Material Composition

- 80% Polyester
- 20% Cotton

Fabric Weight	260 g
Fabric Type	Canvas

Key Features

Ideal Applications

Construction • Maintenance • Industrial

Durability Features	Reinforced Knees, Tear-Resistant
