

Dynamo Hand Crank Flashlight with Mobile Charger

This is a water-resistant dynamo flashlight with a hand crank. It can charge mobile phones.

Product Overview

Reliable Emergency Power

The Dynamo Hand Crank Flashlight is a versatile emergency tool designed for off-grid reliability. Featuring an integrated hand crank mechanism, it generates its own power, eliminating the need for batteries or external electricity. Additionally, it includes a built-in mobile phone charger, ensuring essential communication capabilities during power outages or outdoor activities.
