Product Overview

High-Performance 24S LiFePO4 Charger

The S120 is a precision-engineered 87.6V 1.2A battery charger specifically designed for 24S LiFePO4 battery systems. Housed in a durable aluminium alloy shell, this charger provides stable and efficient power delivery for various electric mobility applications. Its compact design and lightweight construction make it an ideal choice for professional-grade e-bike, motorcycle, and scooter maintenance.

Performance Metrics

Key Performance Metrics

105.12 W
Output Power

87.6 V
Output Voltage

1.2 A
Output Current

Technical Specifications

Input Voltage	110-132VAC / 200-264VAC
Configuration	24 Cells

Physical Attributes

Dimensions	137 x 90 x 51 mm
Weight	0.8 KG
Enclosure	Aluminium Alloy

Certifications & Warranty

Certifications

CE

Warranty Coverage

12 Months

Compatibility

Compatible Applications

Electric Bike, Electric Motorcycle, Electric Scooter, Golf Cart, Cleaning Equipment
