

# Earth Drilling Auger

This earth drilling auger is designed for efficient and precise digging. It is ideal for creating holes for planting, fencing, and other applications.

## Overview

### High-Performance Earth Drilling Auger

This petrol-powered earth auger is designed for efficient and precise digging, making it an ideal tool for gardening, landscaping, and construction projects. Featuring a robust 42.7cc engine, it provides the necessary power for various soil types while maintaining stability and control. The single-person handled design ensures ease of operation, allowing for quick hole creation for planting, fencing, and other essential applications.

## Technical Specifications

Engine Displacement	42.7 cc
Power Output	1.2 kW
Fuel Tank Capacity	0.98 L
Noise Level	112 dB

## Compliance & Design

Emission Standard	Euro V
Operation Type	Single Person Handled
