

Earth-Moving Machinery Set

This set includes machinery used for moving earth and other materials. It is suitable for construction, landscaping, and other projects.

Product Overview

High-Efficiency Electric Forklift

This electric forklift is designed for optimal performance in warehouse and industrial environments. It features a robust lifting mechanism, a secure operator seat, and a protective safety cage to ensure worker security. Its compact design allows for superior maneuverability in tight spaces, while the solid tires provide excellent stability during operation.

Technical Specifications

Lifting Capacity	1.5 tons
Power Source	Electric

Key Features

Core Features

- Hydraulic lifting controls
- Compact maneuverable design
- Solid stability tires
- Integrated safety cage
- Ergonomic operator seat

Application Suitability	Warehouse, Industrial, Indoor Logistics
