

Edible Oil Filling Machine

This edible oil filling machine is designed for precise filling of various container sizes. It offers filling ranges from 5-60 ml, 50-500ml, and 500-5000ml.

Overview

High-Efficiency Edible Oil Filling Solution

This industrial filling machine is designed to meet the production requirements of both small and medium-scale facilities. Utilizing advanced packaging technology, it offers reliable performance for a wide range of edible oils. The system is built for versatility, supporting various container materials and offering flexible filling ranges to optimize your production line efficiency.

Performance Specifications

Filling Speed

1200 bottle/min

Minimum Speed

1800 bottle/min

Maximum Speed

Available Filling Ranges

- 5-60 ml
- 50-500 ml
- 500-5000 ml

Technical Details

Model Capacity Options

- 60ml
- 125ml
- 250ml
- 500ml
- 1000ml
- 2500ml
- 5000ml

Compatible Bottle Materials

PET, PP, PE, PS, PC, HDPE, PVC, LDPE

Service & Support

Included Support Services

- 24-hour technical support via e-mail
- Operator and mechanic training assistance
- Post-warranty maintenance support

Warranty Coverage

One year warranty for the whole machine
