

Ego K E-Cigarette Battery with Variable Voltage

This e-cigarette battery is compatible with eGo Series atomizers and clearomizers. Voltage can be adjusted from 3.2V to 4.8V.

Product Overview

Versatile Ego K Battery

The Ego K E-Cigarette Battery is a reliable power source designed for compatibility with a wide range of clearomizers, including CE4, CE5, Vivi Nova, T2, T3, and MT3 models. It features a standard Ego screw thread for seamless integration and is available in multiple capacity options to suit individual usage needs. With a durable design capable of up to 300 charge cycles, this battery ensures consistent vapor production and performance.
