

Electric 2-in-1 Grass Trimmer Edger

This 2-in-1 electric grass trimmer offers versatile functionality for lawn and garden maintenance. The trimmer head can be easily converted for edging along sidewalks and driveways.

Product Overview

Versatile 2-in-1 Maintenance Tool

This electric 2-in-1 grass trimmer and edger is designed for efficient lawn and garden maintenance. Its lightweight construction ensures easy maneuverability, while the convertible head allows for seamless transitions between trimming grass and edging along sidewalks. Powered by a reliable electric motor, it offers consistent performance for small to medium-sized yards without the need for fuel.

Key Features

2-in-1 Design, Lightweight, Electric Motor, Adjustable Settings, Protective Guard
