

Electric Air Blower

This electric blower is a versatile tool for cleaning and maintenance. It features a powerful motor that delivers high-velocity airflow and variable speed control.

Product Overview

Professional Electric Air Blower

This high-performance electric air blower is engineered for versatility and durability in demanding environments. Featuring a powerful motor that delivers high-velocity airflow, it efficiently clears dust, debris, and leaves from even the most challenging, hard-to-reach areas. Designed with user comfort in mind, its ergonomic grip and lightweight construction minimize fatigue, making it an essential tool for workshops, garages, and construction sites.

Performance & Control

Control Features

- Variable speed control
- High-velocity airflow output
- Ergonomic handle design

Key Performance Metrics

1 Variable

Speed Settings

Design & Usability

Usability Factors

Lightweight • Compact • Ergonomic

Ideal Applications

Workshops, Garages, Gardens, Construction Sites
