

Electric Air Fryer for Home Use

This air fryer uses rapid air circulation technology to cook food with little to no oil. It features temperature and timer controls for precise cooking.

Overview

Efficient Oil-Free Cooking

This electric air fryer utilizes rapid air circulation technology to provide a healthier alternative to traditional frying, requiring little to no oil. Designed for home use, it features a sleek black exterior with stainless steel accents, making it a stylish addition to any kitchen. With precise temperature control and a 60-minute timer, it ensures consistent and convenient cooking results for a variety of dishes.

Technical Specifications

Power Rating	1500 W
Voltage / Frequency	230V / 50Hz

Capacity & Design

Basket Capacity	3.5 L
Pan Capacity	5 L

Features

Maintenance & Care

Non-stick coating • Dishwasher safe pan

Design Highlights

- Stainless steel decoration
- Compact design for countertops
- Rapid air circulation technology

Key Features

Oil-Free Cooking, Adjustable Temperature Control, 60-Minute Timer, Alarm Notification
